Challenges:

Workforce – recruitment of skilled groups

Financial challenges

Developing services so that we can work more closely with our community partners

Areas for improvement:

Continue to reduce falls resulting in fracture or serious harm

When our patients die – what can we learn?

Patient flow through our hospital

Met our planned control total

Received £7.8m from the sustainability and Transformation Fund including a bonus.

Delivered £8m savings

Spent £12.7m on capital on buildings, equipment and digital programmes.

Unqualified audit opinion

Professional

Friendly

Over the last year we have invested more than £12.7m in SFT.

Medical equipment £1.7m

Ward upgrades and improvements £1.9m

Building works £2.7m

Digital systems & technology £1.5m

Electronic patient record £3.6m

Ophthalmology department development £1.3m

- Challenging financial position in 2017/18 and into the future.
- Planned deficit of £7m, which includes delivering £8.5m savings.
- Financial improvement programme

Right Care @ Right Place

Andy Hyett
Chief Operating Officer

Professional

Background

- Site changes being planned to prepare for next winter
- Reduce the number of short term escalation beds in clinical areas
- Stream and manage emergency and elective patients more effectively

Proposed Changes

- Re-remodelling of medical ward footprint
- Re-remodelling orthopaedic/plastic surgery and burns ward templates
- Expanding our Acute Medical Unit (AMU)
- Introducing a short stay surgical unit
- A new area for ophthalmology outpatients, freeing up space on level 3 to create more ward accommodation

Professional

Responsive

Friendly

We want to improve the care and experience of our patients and these changes should enable us to:

- Care for patients in the right environment
- Reduce the number of times patients are moved
- Reduce cancellations
- Reduce the impact on areas such as the Day Surgery Unit, the Endoscopy Unit and the Pembroke Suite.

July 2017

- Laverstock Ward merges with Amesbury, Chilmark wards and Burns Unit
- Winterslow Ward moves to former Laverstock Ward
- Farley Stroke Unit moves to former Winterslow Ward

Aug – Nov 2017

- Major refurbishment of former Farley Stroke Unit for expanded AMU

Nov – Dec 2017

- Whiteparish Ward/AMU moves to new AMU
- Breamore Ward moves to former Whiteparish Ward
- Short Stay Surgical Unit created in former Breamore Ward

Professional

- Performance at the 'front door' is challenging
- More people are being looked after in the wrong place by the 'wrong' people
- Specialists doing more general work (and less specialist work)
- People are staying longer
- Quality is harder to maintain
- Impact on the wider hospital is enormous

- **Better AMU capacity**
 - Front door streaming
 - Ambulatory care
 - Managed care
 - Co-located Acute Elderly / Frailty Unit
 - Front door access
- **Enhanced General Medical Capacity**
 - More people seen by the right person in the right place
 - Specialists doing more of what only they can do
 - Better care for more people reflecting current and future healthcare needs
